Unleash Your Potential

# VetSkill VTEC Level 3 Diploma in Dog Grooming

Study this industry leading qualification awarded by VetSkill, an Ofqual regulated awarding organisation.

Learn in a modern, fresh salon environment for a real-life experience.

[www.CareerHounds.co.uk](http://www.CareerHounds.co.uk)

# Your qualification

Learn with us to gain an *industry leading*, recognised qualification awarded by VetSkill, an Ofqual regulated awarding body. The units are as follows:

- Legal and Professional Practice for the Canine Grooming Sector
- Anatomy and Physiology for Canine Grooming
- Canine First Aid (as a second qualification)
- Canine Behaviour within the Grooming Environment
- Health, Welfare and Handling for Canine Grooming
- Customer Service for the Canine Grooming Sector
- Application of the Canine Grooming Process
- Employment and Self Employment within the Canine Grooming Sector

This qualification would suit anyone wanting to further their career as a dog groomer and gain a level 3 diploma. Candidates must already hold a level 2 qualification in dog grooming to apply.

# Your learning journey

Your course includes 28 days of face-to-face training from 8:45am until 3pm, and 12 days of online training from 9am until 4:30pm.

You will learn advanced styling skills including scissor work, advanced clipper techniques and hand stripping. You will independently groom over 40 dogs of varying breeds, working closely with your experienced tutor, using up to date equipment and techniques in a fresh, modern environment.

**Got any questions?  
Make an appointment to speak to the tutor.**

# Your learning journey

You be required to use your own scissors and all other equipment will be provided for you to use throughout the course. You will need 7" straight scissors in German steel, thinning scissors in German steel and bull nose scissors.
